

DERRY TOWNSHIP MUNICIPAL AUTHORITY

2023 RATE ADJUSTMENT

FOR SANITARY SEWER CUSTOMERS ONLY:

After careful review of the proposed 2023 Fiscal Year Budget, the Authority has approved a moderate user rate increase of 2%. The rate increase will help to offset inflationary increases in operation, maintenance, and administrative costs associated with the collection, conveyance, and treatment of more than 1.5 billion gallons of sewage and the processing of 5,000 tons of sewage sludge or biosolids annually. The user rate increase will also help fund sustainable capital improvement projects in order to maintain the level of service provided to our ratepayers.

The following new rates, **which will result in an increase of about 2.9 cents per day for a typical residential user**, will go into effect with sanitary sewer bills issued on or after January 1, 2023:

CUSTOMER CATEGORY	USER CHARGES AND RATES	CURRENT	NEW
METERED WATER	Flat Charge per Month	\$ 12.60	\$ 12.86
	Charge per 1,000 gallons of Water Consumed	\$ 5.92	\$ 6.04
PRIVATE WELL	Flat Rate per Month	\$ 45.65	\$ 46.57

NOTE: ALL STORMWATER PROGRAM FEES WILL REMAIN THE SAME.
